

Columbia Chamber of Commerce Website Linkage Policy

This linking policy is declaratory of the Columbia Chamber of Commerce (CCOC) existing administrative practice regarding the establishment of links from and to its website.

The purpose of the Columbia Chamber of Commerce website is to advance the public's health, safety and welfare by providing information for and interacting with the citizens, businesses, and visitors of Columbia Township and surrounding areas. This includes promoting tourism and economic development within Columbia Township and region.

For purposes of this policy, an "external link" is a hyperlink from the CCOC website to a website maintained by another party. Neither the CCOC website nor the external links list on such website constitute a forum for expressive activity by members of the public. Rather, the purpose of the CCOC website and the external links is to provide information about township services, officials and attractions and to promote the public's health, safety and welfare. The CCOC is not responsible for, does not endorse, and cannot assure the accuracy of information on these outside web sites. (See Disclaimer of Endorsement below.)

Every request by a person or entity to have the CCOC provide a link from its website to the requesting party's website must undergo review to determine its relevance and appropriateness to the CCOC website's mission. The CCOC website manager or authorized designee will review the merits of the requested link, keeping in mind the criteria and examples listed below, to determine whether the link serves the overall purpose of the CCOC's website. A request will not be denied because of a viewpoint espoused by the person or entity. Furthermore, the following criteria will be used in considering requests for links from the CCOC's website.

At its discretion the CCOC may provide links to external sites that fall into one of the following categories:

- Sponsored by governmental and educational institutions

Linkage to Commercial Sites with Advertising

Certain private commercial sites maintain and display information which provide a public or community service, or other ancillary static or interactive information to aid the public, which is not generally available through a governmental agency due to the cost of compiling, maintaining and/or displaying such information. To support the cost of compilation and maintenance of this information, these private commercial sites may include advertising or promotional material in the information display. Although the CCOC neither supports nor endorses entities advertised or promoted on such sites, it recognizes that a public benefit is served by providing the underlying information to assist area residents. Accordingly, links to such sites which contain this information, but also display commercial advertising or promotional material, may be included within the CCOC website when the CCOC Website Manager or authorized designee has made a good faith determination that:

- The CCOC's independent replication of the information targeted for linkage is infeasible due to financial or other considerations; and
- No non-commercial site provides the information targeted for linkage; and
- The information targeted for linkage greatly enhances the usefulness of the CCOC website and services it provides

Location and Appearance of Links

The CCOC reserves the right to determine how and where external links will appear on its web site; i.e. what page the link appears on and where the link is placed on the page.
